Your Wedding Day

And your wedding story

Unique and Individual

Your wedding day will forever be one of the most important and memorable days of your life. It's your love story. This is why our style of wedding photography is friendly, relaxed, and easygoing. Every couple has their own vision of their wedding day and we fit in where needed to make that vision a reality.

From the traditional to the modern photo-journalistic styles, we can custom-tailor our photography to your vision. Our goal is to make your wedding day memories perfect in every way.

Capturing your story is what we do. The beauty, the details, and the moments. We'll make your unique styles and personalities shine in your photos. Formal photos are always classy but we supplement those with candid and personal moments that you enjoy together. The ones where your love does the talking. It's a very natural feeling that will be timeless in your photos.

Custom Wedding Albums

There is no better way to remember your wedding day for generations to come than with a custom wedding album you can hold

The Power of Print

Stories stay alive through the power of print. As wedding photographers, we turn into storytellers as we photograph your special day. Our goal is to photograph your wedding in preparation for a photo album. In 50 years, you won't have to worry about what technology is around for someone to view your wedding album.

The album's timeless design will be enjoyed for years and years.

We feel so strongly about the power of print that we include a custom-designed photo album in our Classic, Timeless and Perfection wedding collections. Your images are printed on thick photographic paper pages for the highest quality – they are not press-printed. Luxurious leather covers, pristine images, and gilding options make for an absolutely stunning album. These albums are high-quality, professional, hand-made photo albums that will stand the test of time. Holding your album and flipping through the pages will create deeper memories with more emotions.

It is something you simply cannot get when viewing a digital image.

Wedding Collections

Everyone's wedding day is unique which is why we offer a variety of packages designed to meet your needs

Modest

Our Modest collection is for those having a smaller or more intimate ceremony. We'll capture the essential wedding events like the ceremony, formal photos of the two of you alone as well as with your family, and parts of the wedding reception.

The Details

So you have the main information...what are the details?

The Fine Print

- An online photo gallery for up to one year is included with each wedding collection and you're free to share the link to the photo gallery as you see fit. Family and friends can relive your moments soon after your wedding day.
- You'll receive your final retouched high resolution photos with print release via downloadable Zip file from our website while we retain a backup for you for 3 years. You may have the photos printed using our professional lab for the highest quality or use your own preferred lab. It's totally up to you.
- If you selected the Classic, Timeless or Perfection collection, you'll receive a gorgeous premium photo album available in a number of different finishes to tailor the album to your style. You will provide final approval of the photo layouts before it is created. It's your album...have it your way. Matching parent albums are available at a discount if ordered with your wedding album. The best part is that you'll have your album less than 2 weeks after final approval. No long wait here!
- Your photos will be ready for viewing usually within 4 weeks of your wedding day and many times sooner than that. We understand how couples get excited about seeing their wedding photos and can totally relate to that...we can't wait to see them either!
- You'll get to work with passionate professional photographers! We love creating art with our couples. One of our favorite things is to show you photos on the back of our cameras throughout the day. I mean...who doesn't like to see how great they look, right?
- Travel costs may apply to locations outside of Erie County and will be quoted as needed.
- A \$500 retainer is required at the time of booking to secure your date. After that, we provide a budgeted approach to paying off your balance. A payment of 50% of your balance is due 90 days before your wedding date while the remaining balance is due 30 days before your wedding date. You can pay online by credit card.
- The Timeless and Perfection collections include a free engagement session. This session may not be taken out for a credit as it is a free incentive of booking those packages. If you would like to add an engagement session to the Modest or Classic package, the cost is normally \$250 but it is \$200 if booked with your wedding.
